

BERGISCHE  
UNIVERSITÄT  
WUPPERTAL

### Our specializations

- Atmospheric Physics
- Computational Electromagnetics
- Computational Finance
- Computational Fluid Mechanics
- Detector Physics
- Imaging in Medicine
- Molecular and Materials Modelling
- Theoretical Particle Physics

# FIND YOUR PATH WITHIN CSIS

27 January 2025, 10:15 am, D.10.08

## INFORMATION EVENT

The CSiS program offers eight different specializations for your 2nd and 3rd semesters. During the get-together, you have the chance to get to know each specialization in detail and meet the course representatives.

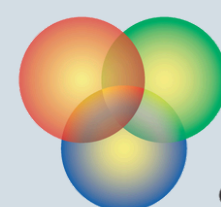

**MSc Programme Computer Simulation in Science**

Head: Prof. Dr. Francesco Knechtli

Contact: Susanne vom Brocke
